You must be photographed by C. Smith Photographics to appear in your school yearbook. Select the session you want from below and make your payment to the school office. Payment must be made prior to your photography session. The "Yearbook Session" is required for every senior. Photography date and specific session time will be assigned to each senior by the school.

About four weeks after your session you will receive a spiral bound Preview Book which includes the images from your session. Although these previews will not be retouched, they will be color and density corrected, and printed on our professional photo paper.
